## David Sharpe, Juror

David Sharpe is the sole Canadian member of the American Tonalist Society, and his landscapes wade heavily into tonalist territory. Yet in practice Sharpe moves fluidly between tonalism, his own brand of impressionism and expressive non-representational abstraction. He describes his influences as "American, British, and Russian Impressionist Painters, with a special affinity for the American Tonalists of the 20th Century." He's a founding member of the Ontario Plein Air Society. Juror's website is at <http://www.sharpegallery.com>. An interesting interview with the artist can be found at: <https://www.tonalism.com/bios-interviews/david-sharpe>

Alka Khana - Morning Light
